

SETU DANCE CLUB

SAFETY STATEMENT

1. Purpose

The aim of this Safety Statement is to provide a safe and healthy environment for all SETU Dance Club members, instructors and visitors, and to set out the arrangements for health and safety during Club activities.

2. Responsibility

All persons taking part in Club activities have a responsibility to act in a way that does not put their own safety or the safety of others at risk. Any unsafe condition, damaged equipment or other hazard should be reported promptly to the instructor or Club representative.

3. General Safety Rules

Members must follow instructor instructions and venue rules. Running, horseplay and unsafe behaviour are not permitted. Members should remain clear of mirrors, walls, doors and other potential hazards. Studio areas must be kept tidy and free from slipping or tripping hazards. Food should not be consumed in the dance studio; drinks may be brought where permitted.

4. Equipment and Premises

Dance areas, equipment and access routes should be checked and maintained in a safe condition. Any defect, spill, obstruction or damaged equipment must be reported and, where possible, dealt with before the activity continues.

5. Injuries and Incidents

All injuries and dangerous occurrences should be reported without delay. The instructor will assess the situation and arrange appropriate first aid or medical assistance where necessary. Significant incidents should be recorded and reported through the appropriate SETU procedures.

6. Emergency and Fire Safety

Members must familiarise themselves with the venue's emergency exits, alarms and assembly arrangements. Emergency exits and access routes must be kept clear. In an emergency, members must follow the instructions of the instructor, venue staff or emergency services.

7. Personal Responsibility

Members should wear suitable clothing and footwear for the activity, take reasonable care of their own wellbeing and inform the instructor of any relevant limitation that may affect safe participation.

8. Review

This Safety Statement should be reviewed periodically and updated where required to reflect changes in Club activities, venues, equipment or applicable SETU procedures.
